

## BB Imaging Ranks No. 131 Among Fastest-Growing Private Companies of the Southwest

**Austin, TX, (February 28, 2023)** – *Inc.* magazine today revealed that BB Imaging is No. 131 on its fourth annual Inc. 5000 Regionals Southwest list, the most prestigious ranking of the fastest-growing private companies based in Arizona, New Mexico, Oklahoma, and Texas. Born of the annual Inc. 5000 franchise, this regional list represents a unique look at the most successful companies within the Southwest economy’s most dynamic segment—its independent small businesses.

“We are honored to be featured alongside so many other incredible companies in our region,” said Blanca Lesmes, CEO of BB Imaging. “This season of growth has been an exciting one, and we are just as excited about what’s coming next, especially this year’s rollout of TeleScan®. Adding a teleultrasonography® offering to our in-person services aligns with our mission to reduce maternal mortality and provides another avenue for continued growth.”

The companies on this list show a remarkable rate of growth across all industries in the Southwest region. Between 2019 and 2021, these 166 private companies had an average growth rate of 557 percent and, in 2021 alone, they added 16,116 jobs and nearly \$5.5 billion to the Southwest region’s economy. Companies based in the Austin, Texas, Scottsdale, Arizona, and Fort Worth, Texas, areas had the highest growth rates overall.

They’re disrupters and job creators, and all delivered an outsize impact on the economy. Remember their names and follow their lead.
