

Sonoquick Joins the BB Imaging Team

Austin, TX (July 15, 2022) — BB Imaging, a diagnostic ultrasound service provider, is pleased to announce a new addition to the team. Sonoquick, an ultrasound service provider based in San Antonio, Texas, will be joining forces with BB Imaging. This expanded team will provide quality ultrasound services for a variety of diagnostic imaging needs across the state of Texas.

This move is in line with BB Imaging's mission to improve health outcomes by making high-quality ultrasound services accessible. The integration of the Sonoquick team means BB Imaging will expand into the San Antonio market and add cardiac sonographers to its Texas team.

"We are thrilled to integrate Sonoquick's expert sonographers with our own," said Blanca Lesmes, CEO of BB Imaging. "Our mutual focus on sonographer expertise and continuous learning makes us a great fit. Our team members are industry experts, and we're excited to make a positive impact on both maternal and cardiac outcomes in the state of Texas."

Jason Walsh, owner of Sonoquick, said, "Our two companies coming together creates an organization even better able to serve our communities. We are excited to continue our commitment to excellent patient care as part of BB Imaging."

BB Imaging will continue growing its team this year, hiring both OB/GYN and cardiac sonographers as it expands into new locations throughout the U.S.

About BB Imaging:

BB Imaging was founded in 2005 to bring excellent, compassionate, and complete ultrasound care to patients across a spectrum of needs. Through the development of working relationships with healthcare providers, BB Imaging services patients in a variety of settings and circumstances, including rural locations across Kansas, Missouri, Oklahoma, Florida, Washington, Virginia, and Texas. BB Imaging's mission is to improve health outcomes by making high-quality ultrasound services accessible to all women regardless of their zip code or economic status.

About Sonoquick:

Serving Greater San Antonio since 2008, Sonoquick delivers ultrasound to all echelons of care, from home health to national hospital chains. With reliability, mobility, and quality as the triad of core values, Sonoquick has made a positive and permanent imprint on San Antonio patient care.
